Prop 65 Warning: Some of our products can expose you to chemicals including lead, which are known to the state of California to cause cancer and birth defects or other reproductive harm. Please contact customer service for more information.

Terms and Conditions: All prices are F.O.B. Alameda, CA and are subject to change without notice. Minimum order is \$250 net. New account minimum \$1,000. Terms are net 30 days from invoice/shipping date. Orders exceeding \$1,000 net will be shipped freight free within the continental USA (excluding Aquaclean). Oversized poles (1695, 1699, and 44232) must be shipped with an order of \$1,500 or more. All shipments will be made in standard packaging; no broken cases allowed. Claims for shortages must be made in writing within 10 days of receipt of invoice or goods. Returns must have prior written authorization and may be subject to a 15% restocking charge.

90 Years Strong

Powered by Professionals Like You

For nine decades, Ettore has been honored to serve the professional window cleaning community, craftsmen, small business owners, distributors, and innovators who have trusted our tools on countless panes of glass across the world.

What began in 1936 with Ettore Steccone's simple idea for a better squeegee has grown into a shared legacy of craftsmanship, dedication, and pride in the trade.

As a third-generation family business, we are grateful for the loyalty, feedback, and partnership that have shaped our evolution. Every story, every job site, every professional who has chosen Ettore has helped move our mission forward.

Thank you for being part of our journey for 90 years. Here's to continuing to support the industry we love and to building the next chapter of excellence together.

Rubber

Contour Pro+

Combining four time-saving features into one amazing tool, it makes window cleaning faster, easier, and more profitable. It's the only handle you will ever need.

Patented Suspension System

- Superior for closing out deep sill windows

- Adjustable spring tension—customizes to user preference
- Consistent even pressure eliminating streaks and rubber lasts longer

Super System

- Automatically adjusts to angle without lifting off glass

- Ideal for cleaning irregular shaped glass.

- Swivels horizontally 180°

Zero Degree Feature

- With the flip of a lever, squeegee transforms to a 0° angle.
- Perfect for cleaning overhead glass in atriums eliminating back strain.
- Allows fanning with a pole.

BackFlip – Four Tools in One!

The perfect balance of speed and performance. Equipped with the Click-Lock feature, you can use the tools individually or in time-saving combinations.

Combo Tool

The BackFlip combines our Quick Release Squeegee with our Golden Glove Washer. Squeegee available in Brass or Stainless.

Heavy-Duty Washer

The specially designed T-bar has a handy, easy fitting grip. The shape has been designed to hold more solution.

One Pass Wash & Wipe

The faster way to clean windows! The Golden Glove Washer cleans the glass and the Squeegee dries in just one pass.

Quick Release Handle

Available in Brass and Stainless Steel makes changing channels easier than ever.

"When I was cleaning windows every day, I only used Ettore squeegee rubber because it was simply the best. When we started WCR 18 years ago, stocking Ettore confirmed what window cleaners had known for decades: Ettore sets the standard. We recommend Ettore more than any other brand because they have stayed focused on making the highest quality tools for professionals, maintaining that commitment since 1936."

Microfiber Sleeves

Ettore Advanced Microfiber sleeves continue our tradition of uncompromising perfection in sleeve performance.

- Each product retains at least 20% more solution than all of the competitive models.
- Double seams on all sleeves allow for longer lasting and more durable performance.
- Durable Microfiber can withstand at least 500 washings.
- Extremely fine Microfibers allow for maximum scrubbing power.
- Most models also provide extra scrub pad for added scrubbing power on stubborn material.

Scan the QR Code to learn more about Poles!

- Fluted and serrated on every section, our poles are 20% stronger than our competition at all extended lengths.
- Utilizing the finest materials to provide the most durable, longest lasting poles available. These poles are virtually indestructible.
- Click-Lock feature on every tool assures safe and quick “change out”
- All of our poles have been designed to the finest tolerances to friction fit all of our tools, as well as our competitors.

Grip'n Grab®

Grip'n Grab® – Extend Your Reach

The Grip'n Grab's sleek profile fits behind furniture, appliances, crawl spaces and other hard-to-reach areas. The rubberized jaws combined with pistol grip and articulating head allows for picking up small objects horizontally or vertically. Rust-proof for outdoor use, it tackles any job from fallen leaves to debris in ponds or fountains.

Click-Lock Feature

The Elite Duster family can be used with a handle or on an Ettore REA-C-H extension pole with the Threaded Click-Lock secure lock system.

Scan the QR Code to learn more about Dusters!

When It Comes to Dusters, Bigger is Better.

We've designed our new family of Pro+ Elite Dusters to perform better than any other line of dusters on the market. The big difference between us and the competition is size. We've designed these professional dusters to have twice the surface area of ordinary dusters which adds up to faster, more efficient cleaning.

Elite MicroSwipe Ceiling Fan Duster
Great for all sizes of ceiling fans. Contoured shape and soft MicroSwipe bristles remove 35% more dust and cobwebs from corners.

Floor Squeegees

Ettore offers a complete assortment of floor squeegees to help clean up virtually any situation. Our policy of build, test, and spec, applies to all of our products, including floor care tools.

- Steel squeegees both in straight and curved configurations are galvanized to help protect in even the most caustic situations.
- Aluminum Squeegees are perfect for pushing or pulling liquid and won't corrode or rust.
- Dual moss rubber squeegees move fluid and dry it in the same motion. Great for uneven surfaces, like tile, concrete, and even decks.
- Neoprene blades for increased durability.

Aquaclean EZ1 Pro+

Introducing Our Most Portable and Sustainable Pure Water System

- Super portable and lightweight
- Reusable and sustainable resin filter
- Easy and time-saving resin replacement
- Work two poles on a single unit
- High pressure with superior water purity
- 3.3 gallon de-mineralization capacity
- Stainless steel pressure housing

A water-shed moment in the history of pure water technology! The EZ1 Pro+ is more than just our latest pure water system—with a single regenerated resin filter, it's almost half the weight of other systems. Regenerated resin requires only a single purchase and then you can regenerate over and over again. It's a clear cost advantage over multi-stage systems and it's eco-friendly too. Reduce your operating costs and Greenify your business with The EZ1 Pro+.

Run two poles at once with our patented water flow design that eliminates the need for pumps.

- Model # 84200**
Single Stage Water Treatment System
Includes:
- Single-stage Fastbag reusable filtration system
 - Lightweight and durable cart system
 - Quality control by integrated conductivity measurement
 - Quick disconnect hoses
 - Stainless steel pressure housing and aluminum lid
 - Pressure relief valve

Scan the QR Code to learn more about the EZ1 Pro+

Features & Connectors

- Relief Valve
- Two hose connectors made from high quality brass fittings allow you to run two poles at once.
- Continuous water quality monitor

The Fastbag™: The Heart of the System

The Ettore EZ1 Pro+ is equipped with the Ettore Fastbag™ system. This innovative system allows for quick and easy replacement of the 3.3 gallon mixed resin. The Fastbag™ can be filled with either regenerated mixed resin, or 1-way disposable resin (Item #84204). Using regenerated mixed resin will substantially lower the cost of operation and is a “green” solution as the mixed resin can be re-generated over and over again.

Ion exchange granulates in Fastbag system or you can use loose resin. There is also an optional chemical injector for pre-cleaning 3rd party operators.

Aquaclean EZ1 Pro+

Ettore was in the forefront of the pure water revolution of the 1990's with our groundbreaking Aquaclean systems and accessories. All of our knowledge, observations, and expertise have culminated in our new EZ1 Pro+™. This system gives you every option. There is no need to look further, and it is backed by legendary Ettore Customer Service.

The Advantages Are Clear.

- 75% Faster Than Conventional Cleaning Methods.
- Safely Clean From the Ground—No Ladders Needed.
- Environmentally Friendly—No Soaps or Chemicals.
- Surface Dries Spot Free in Any Weather Condition, Even Direct Sunlight.
- Greater Access to Hard to Reach Areas.
- Increased Productivity—No Set-Up Time For Ladders or Lifts.
- Lasts 10 Times Longer Than Standard DI Tanks.
- Low Learning Curve—Reduce Training Time.

Aquaclean Poles

Aquaclean Poles

The Aquaclean Carbon Fiber Pole system is designed to deliver the precise balance between rigidity and weight, without sacrificing durability or strength. Each pole has an aluminum outer tube that provides added strength while protecting the expensive carbon fiber inner pole. This is simply the best water fed pole available.

PART #	DESCRIPTION	COLLAPSED LENGTH	WEIGHT
7218	18 ft. Aluminum/Carbon Fiber	54"	2.43 lbs.
7225	25 ft. Aluminum/Carbon Fiber	67.5"	3.69 lbs.
7235	35 ft. Aluminum/Carbon Fiber	72"	6.42 lbs.
7245	45 ft. Aluminum/Carbon Fiber/Hi Modulus	79"	7.86 lbs.
7255	55 ft. Aluminum/Carbon Fiber/Hi Modulus	91"	8.97 lbs.
7265	65 ft. Aluminum/Carbon Fiber/Hi Modulus	105"	10.07 lbs.

- All poles are shipped with a 14" brush, angle adapter and extended length of the hose plus 25'
- Additional size brushes sold separately.
- Actual cleaning height may vary.

Please consider grade of surface, height of windows, distance from building the operator is standing and height of operator. As with all poles, extreme care must be taken while working with water near electricity.

Unlock the power of the new gold standard in water-fed poles.

The all new Aquaclean Carbon Fiber Pole is the most powerful water-fed pole you can buy. The revolutionary Carbon Fiber design provides greater rigidity at longer lengths than any other pole on the market, allowing for effortless brush control. Each pole has an aluminum outer tube that adds strength when extended and protects the carbon fiber inner poles when fully retracted. It's easy to transport, even in small vehicles.

The new Multifunction Clamping System positively locks each section, preventing unintended pole collapse. The ergonomic design of the locking tabs minimizes fatigue and are engineered for long lasting performance. Each clamp has a tapered bottom that eliminates pinch points and prevents the pole from getting caught on window sills and branches. And replacement pole sections easily bolt on—no more gluing sections together.

Locks are not glued so they can be easily replaced

New clamp design has positive locking tabs that won't release unintentionally

Each clamp has a tapered bottom to prevent snags and keeps the clamps separated to prevent pinch points

Durable endcap protects the end of the pole and features a side hose aperture that prevents kinks.

Choose one of our six pole length options, starting from 18 feet.

Rea-c-h™ Pole Conversion Kit

Now You Can Convert Our Rea-c-h Pole Into a Water-fed Pole.

Let's face it, Carbon fiber poles are expensive and you don't always need large poles that extend to the fourth and fifth floors.

We have created a kit that combines our revolutionary Aquaclean brush, pole and angle adapters and quick connect hose that allows you to utilize every Ettore Rea-c-h pole in your arsenal and adapt it to pure water cleaning.

Now we offer a solution for pole lengths from two feet to 65 feet, all using the same performance proven Ettore Technology!

9018	Double Pair of Jets
Angle adapter not included.	

Aquaclean EZ1 Pro+ Kits

Bundled & Ready to Go

Take pure water cleaning to the next level with the AquaClean™ EZ1 Pro+. For the first time, Ettore offers bundled kits that include everything you need to clean up to 2, 3, or 5 stories high, right out of the box! Designed for efficiency, safety, and spotless results, these kits make professional window cleaning faster, safer, and more cost-effective.

- **Complete System in One Kit:** EZ1 Pro+ unit with an Aluminum/Carbon Fiber pole, a 14” nylon and boar’s hair brush (single pair of jets), an angle adapter, and a hose which is the extended length of the pole plus 25’
- **Pure Water Cleaning:** Spot-free results with no chemicals needed
- **Safer Workflows:** Reach 2–5 stories from the ground, no ladders required
- **Built for Professionals:** Durable construction, easy operation, and low maintenance
- **Versatile Applications:** Ideal for commercial buildings, schools, hospitals, and residential properties
- **Save Time & Labor:** Clean more glass in less time with fewer resources
